

## Using Do Not Disturb

You may temporarily stop your phone from ringing and sent your incoming calls straight to your voicemail or extension.

When using the **Optiguide menu**,

- Press the “**Program/Service**” key.
- Scroll to and select “**Do not disturb on?**”

**To deactivate**

- Press the “**Program/Service**” key.
- Scroll to and select “**Do not disturb off?**”

When using a **programmed key**,

- Press the “**DND**” key.

To deactivate press the DND button

When using **Feature Access Codes**,

- Dial \*97

To deactivate dial #97
